

SUPERvision

The key ingredient for keeping all children safe during the COVID-19 crisis is SUPERvision!

It just takes a second for a tragedy to occur.

Parents-Guardians-Caregivers

*In these unprecedented times we are all juggling so much.
Your child's safety is your most important job.*

Unguarded bodies of water are a major risk. Swim only in guarded areas and designate a Water Watcher when children swim.

Drivers are speeding more than ever. Be present when children walk, ride, or play on or near a road.

Teens want to get out and let loose. Act like an air traffic controller for your teen driver, Enforce the passenger and nighttime driving restrictions.
